## Professional Summary

I am a skilled full-stack engineer with 3+ years of experience in designing and developing engaging user interfaces for web and mobile applications. With expertise in multiple programming languages, frameworks, and tools, I am able to create efficient and scalable solutions that meet business requirements. and exceed customer expectations.

## Experience

### Frontend Engineer @ Hashtag Digital Services

Jul 2022 - Present, Lagos Nigeria (remote)

- Created & optimized a web-based party planning solution resulting in 2K+ active users in the first year & 89% customer satisfaction.
- Utilized tools such as JavaScript, Webpack, Redux, React, MUI, JWT etc to upgrade frontend code base while maintaining 99.9% website availability within peak hours
- Developed modular UI components to improve website speed by 70%, boosting user engagement by 73%.

### Full-Stack Engineer @ Upwork

Feb 2022 - Present. (remotely)

- Collaborated with 23 clients weekly to deliver on-demand technical resource support and new design capabilities, boosting customer satisfaction by 40%.
- Designed and developed applications utilizing React, JavaScript, Tailwind TypeScript, Redux, Next, Node.js, MongoDB, React Native etc.
- Provided expertise on emerging front-end technologies, enabling seamless integration of 50+ user interfaces for all platforms, resulting in 20% reduced development cycles..

### Frontend Engineer x Instructor @ Jeliz Academy

Apr 2021 - Jul 2022, Abuja Nigeria (remote)

- Enabled 10+ students to express creativity through their projects, resulting in a 70% increase in successfully built prototypes.
- Crafted & delivered personalized lesson plans to extend understanding of coding fundamentals to 15+ students, promoting comprehension & increasing engagement by 30%.
- Facilitated 5-person coding sections for students of ages 8-17, providing individualized instruction in HTML/CSS, JavaScript, Figma etc.

### Full-Stack Engineer @ Baun Robotics Limited

Sep 2020 - Jan 2021, Abuja, Nigeria

- Created a real-time digital library with access to over 10,000 topical content pieces for students across Nigeria, granting offline access to educational materials.
- Architected architecture that supported system scalability and stability, resulting in a 90% success rate of requests over 200 outlets.

### Software Engineer x Instructor @ MindFrame (Tech Gap Challenge)

May 2019 - Jun 2020, Abuja, Nigeria

- Instructed 20 remote workshops to 10 local school districts, increasing academic preparedness for rising TECH GAP competition by 80%.
- Delivered interactive web development sessions for 32 school groups, teaching 200+ students across 10 states the fundamentals of modern JavaScript & HTML coding.

### Software Engineer x Mentor @ Smart Kids Zone & SAGE Nigeria

Feb 2017 - Aug 2020, Abuja, Nigeria

- Championed 2Xs SAGE Nigeria Mentor of the Year award with successful conception and development of several innovative programs within 85 schools.
- Trained 200+ teachers on the latest engineering and software techniques for STEM-based projects to improve teaching standards, leading to increased teacher engagement by 20%.
- Constructed high-potential prototypes and submitted them to 30+ schools across Nigeria, resulting in 75% of schools opting for implementation in the current year.

## Skills

### Programming Language

JavaScript (ES6), HTML, CSS/Sass, Python, TypeScript

### Libraries & Frameworks

React.js, Next.js, Bootstrap, Redux, React Query, React Native, Material UI, Tailwind, MongoDB, SCSS, Express.js, Node.js

### Tools & Platforms

Git, Webpack, Netlify, Heroku, WordPress, Firebase, SCRUM, Agile, Jest, Cypress, SuperTest, React-Testing-Library, Arduino, IOT

### Design

Figma, Canva

## Education

### React & JavaScript Path

Scrimba

Feb 2022 - May 2022

### Web development

CodeWithMosh

Sep 2021 - Dec 2021

### UI / UX Design

DESIGN COURSE

Jan 2022 - Feb 2022

### BSC. (ED) Biology

Benue State University, Makurdi

Mar 2016 - Feb 2020

## Language

English (Fluent), Idoma
